

Pinnacle Family Clinic

Home-Based Child Immunisation & Vaccination

CARING FOR YOU

Protect your child against preventable diseases with mandated and nationally recommended vaccinations by Ministry of Health, **in the comfort and safety of your home.**

Our professional mobile medical team will conduct childhood development assessments and deliver mandatory and optional vaccines at your convenience.

By choosing our home-based services, you can avoid unnecessary exposures at crowded clinics, eliminate physical waiting times, and receive full clinical service, including updates to the National Immunisation Registry (NIR) in the privacy of your home.

With over 10-clinics strategically located island-wide, our network ensures accessibility for all, and switching to in-clinic anytime you need it.

Cashless childhood Immunisations – Eligible for all children who are Singapore Citizens age 2 to 18 months, for recommended vaccinations as per Ministry of Health's National Childhood Immunisation Schedule. Standard fees will apply for Singapore PRs, long-term residents and foreigners.

Home-Based Child Immunisation & Vaccination

Important Notes:

- Please note that the price listed does not include doctor's consultation fee which is unrelated to vaccination. Additional charges may apply.
- Please note that vaccinations will be subject to doctor's recommendation. Do ensure that you check your eligibility for Nationally Recommended Vaccinations before purchasing a vaccination package to avoid cancellations.
- Please note that home-based vaccinations are not eligible for CHAS.
- Please note all optional add-ons are strictly out-of-pocket expenses, not eligible for any subsidies.
- Our accepted payment mode is paynow only.
- For appointment requiring service charges, it will be scheduled only upon payment receipt.
- Vaccination not recommended if child is experiencing fever symptoms 3 days prior to appointment.
- Please make an appointment at least one week before your preferred date. If you urgently require a Vaccination, please visit your nearest Pinnacle Family Clinic.

Before you book:

- If you have any question on the vaccination that should be taken, kindly write to us at connect@pinnaclefamilyclinic.com.sg or whatsapp at +65 9640 8713 (Monday to Friday from 9 am to 5 pm, excluding PH)

After booking:

- You will be contacted by our service co-ordinator within 2 working days to confirm your personal and appointment details.
- Our mobile medical team will arrive at your preferred address and timing to perform the vaccination.

Documents required for the medical appointment:

- Identity card
- Child's Health Booklet (if applicable)

Rescheduling or cancelling your appointment

- If you would like to reschedule your booking before we contact you to confirm your appointment, please whatsapp +65 9640 8713.

For confirmed appointments

- For appointment rescheduling less than 2 working days before the confirmed appointment date, an administrative fee of \$45 (before GST) will be charged. You may reschedule your appointment up to a maximum of 2 times.
- Generally, cancellations are not allowed once payment has been made. Any requests for cancellations will be reviewed on a case-by-case basis and shall be at the sole discretion of Pinnacle Family Clinic and will only be allowed in limited circumstances.
